YOUR INDUSTRY EXPERTS ARE FOCUSED ON

SUSTAINABILITY

MAKE SUSTAINABLE CHOICES AND LEARN ABOUT THE BENEFITS OF OUR ECO-FRIENDLY MEDIA

RECYCLED POLYESTER KNIT

This 100% recycled media is made with REPREVE® fibers. REPREVE® transforms plastic bottles into certifiable, traceable, high-performance yarn. Recycled bottles are collected worldwide, cleaned and flaked, and made into REPREVE® resin that can be made into fibers.

PVC-FREE MEDIA

This PVC-free media is made from polyester, nylon and polyurethane. The benefits of PVC-free media include a reduction in toxic chemicals released into the environment, lower levels of VOCs (volatile organic compounds) for improved indoor air quality, and increased sustainability with energy-efficient production processes.

BIODEGRADABLE FABRIC

This media is made with CiCLO® technology. CiCLO®-treated microfibers biodegrade 91.1% compared to untreated microfibers, a rate comparable to wool.

CORRUGATED PLASTIC

This corrugated plastic is made of 100% polypropylene. This media is 100% recyclable. Recycling of plastic combats adverse environmental impacts; polypropylene is blue bin recyclable and falls under the #5 resin recyclability code.

CORRUGATED CARDBOARD AND PAPER-BASED MEDIA

Made from cellulose-based printing paper and corrugated cardboard. Media is recyclable through a majority of curbside recycling programs.

RETRACTABLE BANNERS

When choosing a retractor
have you considered...

- **USE** - Will this product be used on a floor or on a tabletop?
- **FLEXIBILITY** - Will your graphic be permanent or will you be swapping it out frequently?
- **FREQUENCY** - How often will your retractor be set up and taken down?
- **LOCATION** - Will your retractor be used indoors or outdoors?
- **MESSAGE** - Do you want a single- or double-sided display?

3-29 Beaufort Wind Rating: Select products have been rated on the Beaufort Wind Scale. See rating icon underneath the product name. Wind ratings were determined utilizing all available securing/stabilizing options sold with or offered for the product. Review the Beaufort Scale on page 211 for additional details.

AMERICA'S FINEST RETRACTOR

To guarantee superior quality, we have developed an RCAT (Retractor Calibration Assessment Test) machine that assesses retractable banner components. Each retractor is tested and rated to a minimum number of times it will extend and retract with normal use, helping you find a retractor that meets your exact needs. The RCAT rating certification lets you have confidence in your retractable banner display, no matter which one you choose.

For best results, push swedge poles into the ground and hold the top half of each side to keep it taut.

TEARAWAY BANNER

Create a grand entrance at sporting events with a Tearaway Banner. Burst it apart and put it back together again!

- Artwork is printed on recycled polyester knit
- 100% recycled media is made with REPREVE® fibers
- The tearaway banner is made of two panels that attach to one another using hook-and-loop fasteners
- Each panel features a 3" pole pocket along the edge; pole pockets are closed at the top to prevent the banner from sliding down the poles
- Double-needle hem along the non-pole-pocket edge
- Banners used outdoors have a 90-day warranty; banners used indoors have a 1-year warranty

10' ELITE TENT

The Elite tent features our strongest, most robust frame and adds a professional touch to any event.

- 2.125" diameter hexagon-shaped legs constructed of 1.55 mm anodized aluminum
- Machined aluminum joints
- Self-adjusting spring tension frame creates a taut, clean canopy peak
- Compatible with Tent Sandbag Ballasts (see page 109); not compatible with Square Plastic Water Weight and Steel Ballast Weight
- Canopy available in eight stock colors (see page 98), with full-bleed dye sublimation or with full-bleed UV printing

Easy-Glide Tent Feet allow the tent frame to slide on dirt and grass, preventing the legs from catching. US Patent #D760857

Legs feature levers for easy height adjustments.

SIGNAGE

When choosing signage
have you considered...

- **LOCATION** - Will your sign be used indoors or outdoors?
- **LONGEVITY** - How long will your sign be displayed?
- **FLEXIBILITY** - Will your message be permanent or will it change frequently?
- **TRANSPORT** - Will your sign be stationary or will you be transporting it from place to place?

GRAPHIC & PRINT GUIDELINES

PRODUCT TEMPLATES

Templates ensure artwork is printed correctly. Always use the most recent templates, which can be found in the "Templates/Specs" tab on each product page of our website.

- Do not leave template lines in artwork
- Templates for custom products are created after receipt of complete purchase order

Save TIME, MONEY and HASSLE with templates specifically created for each product.

Each template includes file setup specs for sizing your artwork, including the bleed, finished and safe areas.

PRINT METHOD	ACCEPTABLE FILES	FILE FORMAT	PRINTING SPECIFICATIONS
FULL-COLOR IMPRINT	Vector with fonts outlined	Adobe Illustrator .ai .eps .pdf	All files are printed in CMYK (process color); PMS (spot) colors and RGB files will be converted to CMYK prior to printing Halftones/percentages of PMS colors are acceptable Minimum line thickness 0.125" (8-9 pt. stroke) Minimum of 0.25" width and height on all individual elements Minimum of 0.5" x 0.5" for all registered trademarks, trademarks, copyright symbols, etc.
FULL-COLOR INKJET & FULL-COLOR DYE SUBLIMATION	Vector with fonts outlined and links embedded Raster	Adobe Illustrator .ai .eps .pdf Adobe Photoshop (High Resolution) .tif .psd .eps .pdf .jpg	Use product template to set up print-ready artwork All files are printed in CMYK (process color); PMS (spot) colors and RGB files will be converted to CMYK prior to printing Full-color artwork including gradients, raster/photo images and bleeds Raster images must be created at actual size with 200 dpi resolution Minimum of 24 pt. reversed-out text Minimum of 12 pt. regular text Minimum line thickness: 1 pt. regular text, 2 pt. reversed-out text

VECTOR ART

(RECOMMENDED FOR ALL PRODUCTS)

- Can be scaled to any size while maintaining quality
- Known as line art
- Vector artwork is preferred (unless printing photos)

.eps, .ai, .pdf

RASTER ART

- Known as bitmap art
- Composed of pixels (or tiny squares) grouped together to make one complete image
- When scaled larger, the image will look pixelated (or jagged)
- Submit art at 200 DPI (dots per inch) at full size

.tif, .psd, .eps, .pdf, .jpg

OUTLINED FONTS

(REQUIRED FOR ALL PRODUCTS)

Font selection can vary from computer to computer, which can cause a desired font to be replaced with a generic one. To preserve your fonts, always outline, embed, or convert them to curves before submitting artwork.

Original font

Missing font replaced with a generic one

Original font when outlined, embedded or converted to curves

EMBEDDED IMAGES

(REQUIRED FOR ALL PRODUCTS)

Most programs allow the user to add an image to a file by linking or embedding. Embedded images are stored within the document itself, while linked files are not. Because of this, linked files can suddenly vanish when opened from a different computer. Embed all images to avoid losing them when files are submitted.

200 DPI

High resolution images include:
Unedited, original raw digital photos and stock photos

10 DPI

Low resolution images include:
Photos taken from the internet, scanned images, photos taken on a cell phone, screenshots, etc.

UNACCEPTABLE FILE FORMATS:

Quark, Corel Draw, Word, PowerPoint, Excel, Publisher, Pagemaker, low-resolution scanned images and files over 2 GB. (InDesign files, unless exported to .eps or .pdf format, will incur additional charges or be rejected).

FILE PREPARATION

PRODUCT TEMPLATES

Graphic templates can be found in the "Templates/Specs" tab on each product page of our website. Graphic dimensions are subject to change without notice.

REQUIREMENTS

Documents must be print ready and submitted at 100% final size, with no additional manipulation necessary; additional charges may apply if these terms are not met. Before submitting artwork, convert all text to outlines, paths or curves to ensure exact duplication of type style. Alterations to submitted artwork will result in a necessary proof approval, which may delay production time. We reserve the right to delay or reject any order based on the quality of the artwork received.

We also reserve the right to make slight alterations to your file to adapt to our printing process. Some thin lines or small shapes may not reproduce at the size or thickness submitted. Multicolor close-registration prints are not available on all products.

Please see page 208 for specific information relating to each print method.

ARTWORK SUBMISSION & PROOFING

UPLOADING ARTWORK

For the fastest and most efficient artwork processing, please submit art via our website.

You must have an account and be logged in. Our factory will not be held responsible for any server malfunction that affects the receipt of your files.

ELECTRONIC PROOFS

Proofs are provided electronically in PDF format. These depict a low-resolution representation of the final product and should not be used for final color output or image resolution. Additional proofs may incur a proof revision charge of \$10.00(G) each, plus additional design time. Proof approvals must be submitted via our online proofing system before production will begin.

All proof approvals received after 12 PM Central will be counted as received on the next business day. Production time begins after the final proof approval is received.

GRAPHIC DETAILS

ERRORS

We will not be held responsible for errors resulting from copy that was received or approved incorrectly.

TYPESETTING

Our normal art setup fee includes up to three lines of copy. If a specific font is required, the name of that font must be noted on your purchase order. If we do not have the desired font, the type will be re-set using a standard font or one that matches the desired font as closely as possible.

CHANGE OF COPY CHARGE

Whether for a new or repeat order, any request for an addition, deletion or change to the copy in a vector artwork file will result in an **\$10.00(G) Change of Copy Charge**.

REPEAT ORDERS

There are no setup fees for exact repeat orders placed within two years of original order. Any artwork older than two years must be resubmitted. Proof approvals are required on all repeat orders.

*****ARTWORK THAT HAS BEEN ALTERED IN ANY WAY CANNOT BE CONSIDERED FOR A REPEAT ORDER*****

COLOR

COLOR POLICY

All of our products are printed CMYK (process color). If your artwork requires a specific color, please request a test grid (see below).

WE CANNOT GUARANTEE COLOR MATCHING.

TEST GRID*

If you are concerned about a specific color, we suggest ordering a test grid. Test Grids are printed samples of your requested PMS (spot) color and its surrounding color family (e.g. reds, blues, etc.) Using process colors, we will replicate the PMS color within the processes capability. Please state on your purchase order that you are requesting a test grid and the specific PMS color(s) you are trying to achieve.

MATCH PRINT*

A match print is a 1/4 scale print of an entire art file. This is the most accurate way to represent an entire printed piece, since it will mimic the color and appearance of the piece as a whole, excluding any finishing. Please state on your purchase order that you are requesting a match print so it will be recorded on your order.

TEST STRIPS*

For the most detailed representation of full-size print quality and image resolution, we recommend requesting a test strip. An 8" x 20" section of the art is printed at 100%. Please state on your purchase order that you are requesting a test strip, including portion of art you would like to see, so it will be recorded on your order.

**The first test grid, match print and test strip is available at no charge (customer to pay freight). Each additional test grid, match print or test strip is \$20.00(G) plus freight, expedited charges apply.*

COLOR ACCURACY

Our customers deserve the highest-quality prints and most consistent, accurate color possible. As a G7 Master Qualified printer, we provide industry-leading color accuracy throughout our printing and production processes.

GENERAL INFORMATION

HOW TO ORDER

WEB ORDERS

Orders placed via our website will receive a 2% discount and setup fees will be waived. Submit art at time of order placement for faster order processing.

EMAIL ORDERS

Orders may be emailed.

PHONE ORDERS

Our Customer Care team is dedicated to helping you place an order. Please give us a call during our customer service hours: 7:00 a.m. to 5:30 p.m. Central, Monday through Friday

FAX ORDERS

Faxed orders are accepted as original orders. Any written confirmation of a faxed order must be marked "CONFIRMATION OF FAX – DO NOT DUPLICATE" to avoid duplicate orders.

HARDWARE-ONLY ORDERS

Most hardware-only orders placed before 2:00 p.m. Central will ship the same day (subject to capacity and inventory levels). Customer Care will inform you of any shipment delays at the time of ordering.

IMPRINTED PRODUCTS

Refer to the product's production lead time. See the DEFINITIONS section for details.

ALL ORDERS/APPROVALS RECEIVED AFTER NOON CENTRAL WILL BE PROCESSED ON THE NEXT BUSINESS DAY. OUR FACTORY IS NOT RESPONSIBLE FOR ANY OMITTED INFORMATION OR SERVER/FAX MALFUNCTIONS THAT AFFECT RECEIPT OF THE ORDER.

ORDERING DETAILS

PRICING

Prices are subject to change; visit our website for the most current pricing.

CREDIT/PAYMENT TERMS

All orders must be prepaid until credit terms are established. We accept Visa, MasterCard and American Express credit cards. All new customers are required to prepay their first order. Credit application is available on our website.

ORDER CHANGES & CANCELLATIONS

No graphic or product manufacturing changes will be accepted after final proof approval. Customer is responsible for all labor and material costs incurred prior to cancellation and will be billed accordingly.

SHIPPING

MULTIPLE DROP-SHIP ADDRESSES OR SPLIT SHIPMENTS

A \$5.00(G) fee will be added for each additional address, plus all applicable shipping and handling. Contact Customer Care for the formal drop-ship address document to complete. Additional fees may apply depending on the request.

SHIPPING

Visit our website for shipping information and packing dimensions. Printed products ship F.O.B. Ramsey, MN 55303 or Huntsville, AL 35811 see website for details. Special shipping and pricing guidelines apply to oversized products to ensure product is delivered intact and on time.

RETURN POLICY

CLAIMS/RETURNS

Any damages or discrepancies must be reported within five days of receipt of merchandise. We reserve the right to not honor any claims not reported within five days. Returns will not be accepted after 90 days and cannot be returned without prior authorization from our factory.

Returns may be subject to a 15% restocking fee. Contact Customer Care for additional processing information about claims or returns.

SUBSTITUTIONS

Due to unavoidable style modifications and enhancements to the products within this catalog, we may need to substitute a product with a similar item of comparable cost and style. We reserve the right to withdraw any product offering without prior notification.

DEFINITIONS

SETUP FEE - \$20.00(G)

The setup fee represents all costs of preparing print process-ready artwork for production, as well as email proofing and two years of archival storage. There is no setup fee when referencing a previous order within two years of order placement, for the same item using exact previous artwork.

Setup fee will not be applied to orders placed via our website.

PRODUCTION LEAD TIMES

A production lead time is the amount of time it takes our factory to produce a finished product once final proof approval is received. Production lead times are listed for each product on their respective catalog pages and are subject to capacity and inventory levels. Your order will be scheduled within our production lead times or with rush service as requested to meet a required in-hands date. The factory reserves the right to adjust lead times. Customers will be contacted regarding affected orders.

Production begins upon receipt of:

- Complete purchase order
- Payment/credit approval
- Production-ready artwork
- Final proof approval

Your order will ship on or before the scheduled ship date via the freight method requested on the purchase order.

RUSH CHARGES/FEES

For products not included in our Quick Ship program, rush service is available; this requires prior approval by Customer Care. All documents received after 12:00 p.m. Central will be counted as received on the next business day. Same-day service is not available.

Standard rush charges:

Subtract one business day from product lead time = \$75.00(G)
Subtract two business days from product lead time = \$125.00(G)

WARRANTY

All of our products are designed to be cost effective and durable. Unless otherwise stated on the product's catalog page, standard hardware warranty is a one-year parts and labor warranty, which warrants product against defects in material or workmanship. Warranties do not cover damage due to accidents, abuse, or normal wear and tear. Products found to be defective will be replaced or repaired at the discretion of our factory.

TRADEMARKS

By submitting artwork to our factory, the customer assumes full responsibility for its use. Our factory will not be held responsible for submitted artwork that violates applicable laws or restrictions.

PROP 65 APPROVED

All of the products in this catalog have been tested and have passed Proposition 65 standards. Every one of these products can be sold in the state of California without a Prop 65 warning label.

BEAUFORT SCALE - WIND RATING

Beaufort Number	Wind Speed (miles per hour)	Description	Wind Effects on Land
0	<1	Calm	Calm. Smoke rises vertically.
1	1-3	Light Air	Wind motion visible in smoke.
