SUSTAINABILITY

CARING FOR OUR PLANET

Nestled in the heart of New England, we draw inspiration from the breathtaking landscapes that surround us. Our commitment extends beyond creating stylish and comfortable clothing; it encompasses a dedication to preserving the planet we all call home. We have made great progress by reducing our environmental footprint, partnering with leaders in sustainable production, and giving back to our community.

SUSTAINABLE MATERIALS

Our Eco Collection has polos, jackets, and more that are made with carefully selected partners and materials. See page 14 for more information.

RESPONSIBLE PRODUCTION

Our commitment to sustainability goes beyond the final product. We hold our factories to the highest workplace standards, such as requiring WRAP certification. This ensures that every garment, from inception to completion, reflects our dedication to ethical and responsible practices.

BY THE NUMBERS

Nearly 1 Million Plastic Bottles Repurposed:

Through our partnership with REPREVE®, we've given a new life to plastic, transforming it into something both beautiful and functional.

Over 85 Metric Tons of CO₂e Offset:

Since implementing UPS carbon neutral shipping in April 2023, we offset an average of 12 metric tons of greenhouse gases per month.

View the products that embody this initiative in our Eco Collection on page 14.
