Helping You Go Green!

We want to help you more easily source products to meet your sustainability needs. So, we've created a 3-factor method for validating the products in our assortment with accurate & verifiable global sustainable components, sustainable manufacturing practices and a responsible mindset.

- Styles with **Sustainable Materials** contain all or a portion of verified sustainable fibers or materials.
- Styles with **Sustainable Manufacturing** have been sourced across a wide range of sustainable fabric and product manufacturing practices validated by globally recognized organizations.
- Styles with **Responsible Mindset** are from brands with social and sustainable 'give-back' policies directly linked to the products sold in our industry.
- We also recognize products designed specifically to reduce use of disposable products, products designed to be easily recycled and products designed to reduce packaging waste.

Please refer to the style's product detail page for enhanced fabric and features information.

IMPACT

Being an environmentally responsible company is at the core of what Swannies does. They hope to influence the industry to think more critically about how their products impact the environment and what we can do about it.

MATERIALS

REPREVE is a 100% recycled polyester made from discarded water bottles and is used in select styles.

REPREVE makes up over 50% of Swannies' fabric use, and to date they've used over 3 million recycled water bottles to make their products.

PACKAGING

Swannies' primary packaging supplier, ecoenclose, is the premiere source for sustainable packaging materials.

Their recycled & reusable packaging products allow Swannies to reduce both their waste and carbon footprint.

OFFSETTING

Through Swannies partnership with GreenStory, they calculate the lifecycle emissions of each of their products.

Swannies offsets those emissions by supporting carbon reduction & removal projects in reforestation & renewable energy adaptation.

How to Measure

CHEST: Measure just under the arms, across fullest part of chest, around shoulder blades holding tape firm and level.

WAIST: Measure your natural waistline, keeping one finger between the tape and the waist.

HIP: Stand and measure around the fullest point of hips.

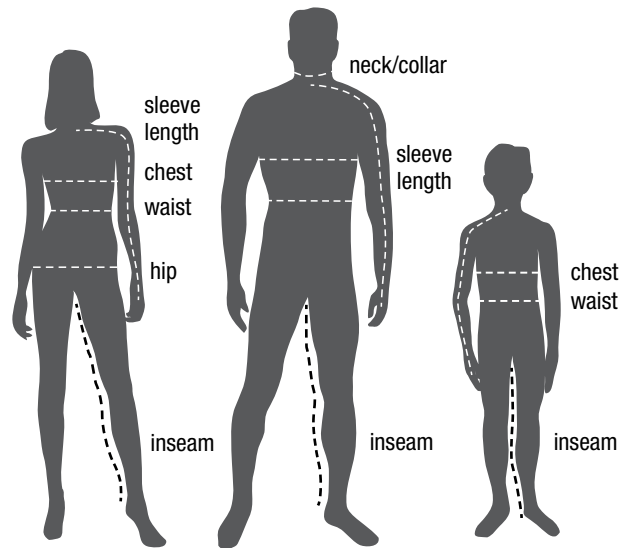

SLEEVE LENGTH: With arm relaxed at side and slightly bent, measure from center back neck, over the shoulder, down to the outer wrist.

INSEAM: Stand and measure from center crotch to bottom of ankle bone. (Please refer to specific style for garment inseam length.)

UNISEX: Men's medium is similar to ladies' large. Sleeve length will be about 1-1½" longer. Body of garment is not form fitting. Unisex medium is equivalent to men's medium through chest and sleeve length.

TALL SIZES:

Men's garments have added length in the body and sleeves. Short-sleeves are 1" longer, long-sleeves and body length are 2" longer.
